What is Australian Energy Week?

If you are limited to only one energy conference in a year - Australian Energy Week is the one!

Jon Pemberton, Director of Operations, Empower Energy

You are not going to find a better place to meet with people right across the industry.

Tim Nelson, Chair, National Electricity Market (NEM) Review (past speaker)

Great networking with Industry leaders.

Peter Asimakidis, Enterprise Client Executive - Energy & Utilities, Microsoft (past attendee)

Why exhibit at Australian Energy Week

The Australian Energy Week expo is the #1 marketplace for the entire energy supply chain. Unlike other events, Energy Week attracts a critical mass of senior executives from across generation, renewables, storage, transmission, distribution and retail – giving you direct access to decision-makers.

Only event that covers the full energy value chain

If you want to meet with leaders from Renewable & BESS developers, generators, networks, retailers, government and large users in one place, this is it!

High-traffic expo floor

In 2026, conference stream rooms will be built on the exhibition floor, meaning attendees will spend more time near your booth.

Most senior audience of any energy event

Energy Week attracts more senior decision makers than anyone else. Ask our sales team for an anonymised attendee list to prove it.

Insights Stage

Running throughout the expo, this free-to-attend stage is open to qualified attendees who stay longer on the floor to hear from speakers

Incredible networking functions

Join us at the Event Dinner, the Women in Energy Breakfast or the Networking drinks to engage with energy executives in a more relaxed environment.

Expo visitor pass

Our Expo visitor pass is only available for qualified attendees working in energy companies—not vendors or suppliers—ensuring the AEW Expo is filled with highly qualified, decision-making attendees.

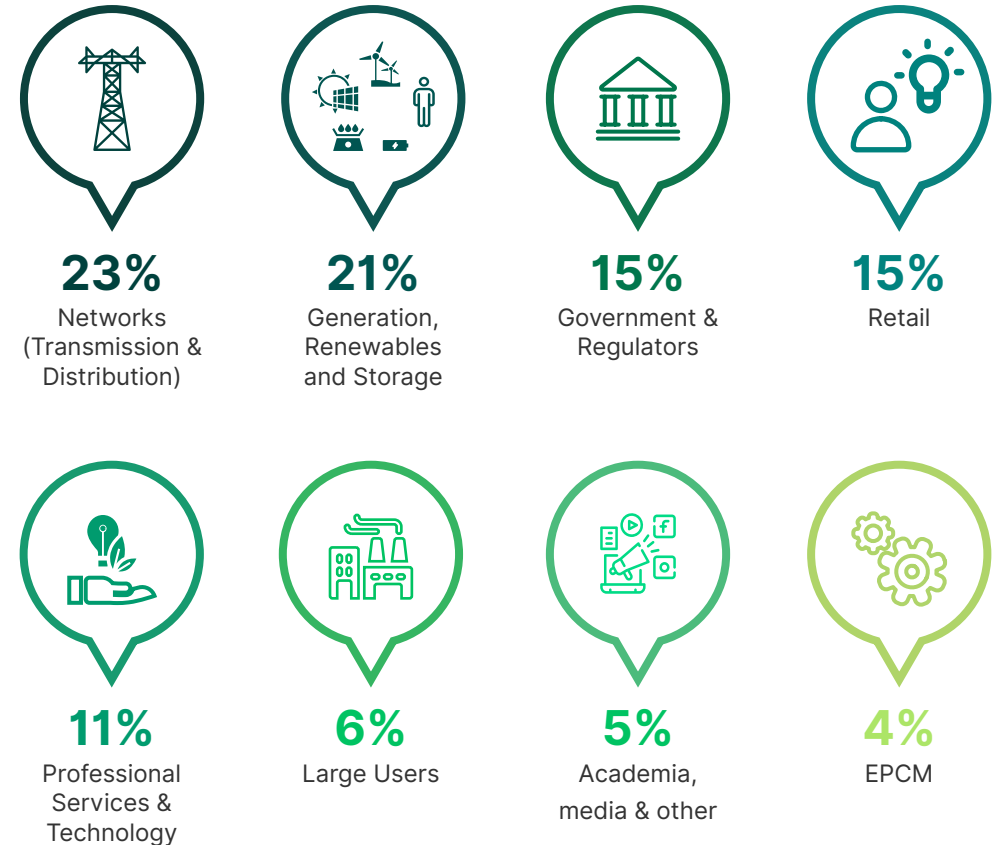

Energy Week 2025 in numbers

Breakdown by seniority

Breakdown by industry sector

The only place to be to connect with Australian leaders in energy.

Jill Cainey, Consultant, Erne Energy

Every major energy company attends - here are just a few...

Heart of collaboration and innovation in the energy transition.

Dane Matthews, Business Support Officer – Sustainability, Essential Energy (past attendee)

Informative and an opportunity to be exposed to new technology.

Tess Beagley, Key Account Manager, Jemena (past attendee)

Floorplan

“ I like coming to Energy Week, because in a single area you get access to all the latest thinking from regulators, utilities and technology vendors.

Cara Graham, Part, Power and Utilities, EY (2024 sponsor)
